The Tri-City Corvette Club (TCCC) newsletter is published monthly by volunteers and members of the TCCC. Subscription rates are free for members. Membership lists and financial data are not published. For change of address and all other TCCC inquiries, write to: **Tri-City Corvette Club, P.O. Box 636, Nederland, TX, 77627**. TCCC is an Unincorporated Non-Profit Association, which raises money for and participates with various local children's charities and high school college scholarship programs. Dues and donations are not tax deductible. We strive to promote exciting, safe & fun ways to enjoy our Corvettes. We hold business meetings on the first Tuesday of each month. Our monthly business meeting usually incorporates a social time before and after the meeting. Our socials are always fun and are focused on getting to know one another. We have cookouts, day trips and weekend trips, and TCCC caravans to the National Corvette Museum in Bowling Green, Kentucky. We participate in tours, holiday parades, and homecoming events at various high schools. We also participate in various car shows. Club dues are \$50 per person per year and are paid annually by the June business meeting. These dues cover membership in the NCM and the cost of running the club. Club officers, board and committee chairpersons serve as volunteers.

PRESIDENTS MESSAGE

Mike White

The Tri-City Corvette Club monthly meeting was held at Sombrero's Mexican Grill in Nederland. We had 47 members and guests in attendance.

We would like to welcome David Watson our newest member to the Tri-City Corvette Club. David owns a 2014 Night Racing Blue.

We were glad to see Glinda Pareso back at the July meeting. She is recovering from surgery, so keep her in your prayers.

Roger Ross held his first Tri-City Corvette Club meeting as VP. Roger did very well, and I know he will be a great asset and leader in the VP position. Roger will have a lot of information in his message in the newsletter. Thank you Roger.

The Tri-City Corvette Club had a Board Meeting on June 15, 2021 to discuss new business for the July meeting. Officers and Board members in attendance were, Mike White, Roger Ross, Willa White, Rod Johnstone, John Berry, Michael Merideth, Kelly Cody, and Brad Metz. The Officers and Board members voted to increase all the charities by \$500 and add two additional charities: The National Corvette Museum and the Blue Santa Program.

The Club voted to increase all charities and add the National Corvette Museum and the Blue Santa Program at the July meeting. The club tabled the Southeast Texas Food Bank to check their charity selection criteria for the Tri-City Corvette Club. We will contact the Southeast Texas Food Bank, and they will have a representative at our August meeting to explain where our money is being spent.

At the June board meeting, the board members wanted to know where the Lamar Scholarship \$1000 donation is spent. Does it fund another scholarship or go to the Tri-City Corvette Club scholarship endowment program for Lamar students? Cathy Long, our TCCC representative, checked on the endowment and reported at the July meeting that the \$1000 goes to our scholarship endowment program to help it grow. Cathy also said we just gave a \$700 scholarship to a student from our endowment. Lamar is watching our program to make sure we are not giving out more than the endowment is making because this is a very young endowment. So in the future the scholarships will be bigger and more than one scholarship.

Perfect attendance for the club meetings will be from January to December, so we can give awards at the annual banquet. So please try to make all meetings and sign in at the meeting.

Thanks to Andrea Johnson for organizing the bling shirts for the ladies. Bring your shirt to the meetings or deliver them to Andrea with \$5, and she will have our club logo put on them.

Kelly Cody volunteered to be the new Membership Director. Congratulations, we know you will do well.

Andrea Johnson, John Berry and Michael Merideth volunteered to be the Activities Committee. Thank you.

Thank you Glinda for great club meeting minutes. See minutes detail in this newsletter.

Rod Johnstone and Roger Ross are getting prices and availability for jackets for all members that have been in the club one year or more. Roger Ross brought several jackets to the July meeting so the club can make the best choice for us. A lot of the members liked the all zipper with a liner.

Thanks to Andrea Johnson and Kim Merideth for a great TCCC Banquet. There were 84 in attendance. Great time and lots of fun.

Congratulations to Kathy Richardson, winner of the ½ pot, \$131.

What makes the Tri-City Corvette Club such a success and moving forward is our members. Thank you members.

VICE-PRESIDENTS COMMENTS

Roger Ross

So, here is my first contribution to the Club's monthly newsletter since taking office. Since crashing my first meeting in October of 2018, I have made some good friends in this club. I have also grown to respect each of you as I have watched all the good you do for our area and for each other. Your actions are always so sincere and unselfish. Sometimes it is hard to remember that all of this good will begins with this group's love for a car. I guess that's what makes the Corvette so special.

I served on many police boards throughout my career, so it was never my intention to enter the politics of this club. That being said, I was humbled by being selected to take over for John Berry. I only hope that I can do half the job that he did. Always know that I will do my best to represent you and the Club appropriately.

A club can't survive without growth. So, let me begin by welcoming our newest member, David Watson. David owns a beautiful 2014 and has already become a regular participant in club events. Welcome brother! It is incumbent on each of us to invite new members to give the club a look. If you see a Corvette running around town, don't be afraid to extend an invitation. I know I owned my first Corvette for 12 years before I found the club on Facebook and invited myself. I sure am glad that I did.

At the July 6th monthly meeting, the Club voted to add two new charities to our list of annual contributions and to raise the contributions for all of them from \$1000 to \$1500 per year. We added the National Corvette Museum and The Beaumont Police Department's Blue Santa Program to the list. What can you say about the Corvette Museum? They are there to keep the history of the cars that we love so much alive and they do a great job. If you have never been there, you owe it to yourself to make the trip. I personally joined the 25th Anniversary Caravan and made the trip with my son. We were both very impressed and had a great time on the NCM Track!

The Blue Santa Program is exactly what it says. Beaumont Police Officers get together to secure donations to buy Christmas presents for underprivileged children. The officers volunteer their time and leave their families some more just to give back to people who are in need. I think that it is wonderful that this club voted to support such a noble cause. Thank you.

TCCC members participated in five separate events in the month of June. I want to congratulate Pat McCulley and John Decker for organizing two of those successful events last month. John's monthly Show & Shine at the Journey Church in Lumberton had some 40 cars participate and grilled boudain was on the menu. The next show is on July 10th. Hopefully the rain will let up so we can roll out in mass to support our fellow club member.

Pat broke out her entire gorgeous generational Corvette collection (C1 - C8) for the Smokin' Hot Car Show in Livingston that she put on in conjunction with the Livingston BBQ Cook Off. Six other club members made the run up there to support her and show off their cars. I want to specifically congratulate John Berry, with his stunning C8 for capturing the Kid's Choice trophy and Mike White for earning the Best Engine trophy with "Ole Blue". Good job guys! Speaking of trophies, we all like to win because it lets us know that others appreciate our treasured car. That being said let's try to remember that the important part of these events isn't winning or losing, it's about driving and showing the cars that we love so much. It's also about representing our fine club, but mostly it's about spending time with and making new friends. So let's have fun!

Be sure to regularly check out the club's event page at <https://tricitycorvetteclub.com/events> so you can stay apprised of your opportunities to participate. Here's a few upcoming events for your calendars.

July 10	Journey Church Show & Shine in Lumberton
July 16 - 18	Corvette Invasion in Bastrop
August 14	Hot Summer Nights Car Show in Beaumont
September 11	Brazos River Corvette Club's 15th Annual Car Show in Granbury

September 11	Deweyville's Project Safe Graduation Car Show in Orange
September 25	Big Boyz Toys 8th Annual Car Show in Port Arthur
October 30	Elite Auto Shield's 3rd Annual Car Show in Beaumont

In closing, I would like to ask each for you to include Kaycee Berry in your thoughts, prayers and well wishes, while she is recovering from surgery. Kaycee is the daughter of Mona and John Berry, as well as a Mount Belvieu Police Officer. Get well Sister.....the PD needs you back! Also, be sure to wish all the folks listed below a Happy Birthday or Happy Anniversary when you see them.

Respectfully Submitted,

Roger M. Ross

New Business

The Officers and Board Members voted to increase all the charities \$500 and add two additional charities: The National Corvette Museum and the Blue Santa Program. These topics were brought to the club members for a vote.

Discussion: Jane Barron shared that the Southeast Texas Food Bank received \$9,000,000 in January 2021, and wanted to see if our donations were used for reserve, for infrastructure, or something else. If the SETX Food Bank has excess funds, could our additional donation be better served with another charity. A motion was made by Michael Merideth and a second by Mike Fry to table this discussion till next meeting. Coach will meet with the SETX Food Bank and report back.

A motion was made by Andrea Johnson to increase the amount of funds that we donate to each of our charities by \$500.00. Glinda Pareso seconded the motion. The members voted and approved the \$500.00 increase to each of our current charities. A motion was made by Patty Kupper to add donations to two additional charities: The National Corvette Museum and the Blue Santa Program. Coach seconded it and the members voted to approve adding the two additional charities.

Discussion: Mike White and Andrea Johnson explained that awards will be given to members with perfect attendance at the monthly meetings. The awards will be presented at our annual banquet. They suggested the perfect attendance could run calendar year, January to December or renewal year, June to May to follow the installation of officers. A motion was made by Andrea Johnson to run the perfect attendance from January to December, then give the awards in February at our annual banquet. Kim Merideth seconded the motion and the members voted to approve it.

Andrea Johnson ordered the decals for the ladies' shirts and there will be a \$5.00 charge for pressing the decal.

Sponsors: Mike recognized our sponsors and thanked them for their support. Please remember to bring your business to our sponsors because the more business we can bring to our sponsors the longer they can support us.

Corvette Cave-In

The Skydome Sinkhole Experience

The National Corvette Museum made international news headlines on February 12, 2014 when a sinkhole collapsed in the Skydome of the Museum in the wee hours of the morning. Thankfully, no one was in the building when it happened, but security cameras were rolling to catch the incident on camera. Museum visitation skyrocketed that same year as people from around the world were drawn to witness for themselves the destruction Mother Nature had caused. Though the sinkhole has since been filled, the story continues to draw attention.

A new exhibit opened February 12, 2016 (the two-year anniversary of the sinkhole) to tell the story of what happened that day, why it happened, what cars were affected, how they were recovered, what karst landscapes and caves are, how the building was fixed, and much more. Learn more about the elements of our exhibit!
